ABOUT THE BOOK

BIG SHOT

BOOK 1 IN THE
BIG MURDER
MYSTERY SERIES

Small Town. Big Murder.

The number one secret to my success as a bodyguard? Staying under the radar. But when a wildly public disaster blew up my career and reputation, it turned my perfect, solo life upside down.

I thought my tiny hometown of Nowhere would be the ideal out-of-the-way refuge to wait out the media storm. It wasn't.

My little brother had moved into a treehouse. The obscure mountain town had decided to attract tourists with the world's largest collection of big things... Yes, Nowhere now has the world's largest pizza cutter. And lawn flamingo. And ball of yarn...

And then I stumbled over a dead body.

All the evidence points to my brother being the bad guy. I may have been out of his life for a while—okay, five years—but I know he's no killer. Can I clear my brother before he becomes Nowhere's next Big Fatality?

ABOUT KIRSTEN

BIOGRAPHY

I write laugh-out-loud, page-turning mysteries for readers who want to escape with real, complex, and flawed but likable characters. If there's magic in the story, it works consistently within the world's rules and is based in history or the reality of current magical practices.

I'm best known for my cozy and witch mystery novels, though I've written steampunk as well and am currently working on a book on Tarot. If you like funny, action-packed mysteries with complicated heroines, just turn the page...

"A high-voltage, cleverly-spun mystery that I couldn't put down. Riga Hayworth is addictive."

ANDI'S BOOK
REVIEWS

"Quirky characters can make or break your book. I've read other cozies that had some quirky characters that just fell short of the mark for me. But I was completely dedicated to this crazy cast... The situations they find themselves in are completely out-of-this-world and I want to see this played out on a screen somewhere. It's just that much fun."

KIRKUS REVIEWS

"Weiss' many quirky ongoing characters add charm and humor."
